

Raparla Lasya Sri

Artificial Intelligence and Data Science, B.Tech (Expected 2026)

✉ lasyasriraparla03@gmail.com ☎ +91 9121446576 📍 Guntur 🌐 github.com/lasyasri03

PROFILE

Motivated B.Tech student specializing in Artificial Intelligence and Data Science with hands-on experience in Full Stack Development and Machine Learning. Skilled in Python, React.js, Django, and REST APIs, with experience building projects such as a Fake News Detection system and an Employee Onboarding Management System during a hackathon. Passionate about solving real-world problems using data and modern web technologies.

EDUCATION

Vasireddy Venkatadri Institute of Technology (VVIT), Guntur, 2022 – 2026 | Guntur
B.Tech - Artificial Intelligence & Data Science
Percentage : 75.6% (Expected June 2026)

Oxford Junior College, Narasaraopet, Class XII - MPC Stream 2020 – 2022 | Narasaraopet
Percentage : 87.6%

Sri Chaitanya High School, Narasaraopet, Class X - SSC 2019 – 2020 | Narasaraopet
Percentage : 98.8%

TECHNICAL SKILLS

Programming: Python, Java, JavaScript

Web Technologies: HTML, CSS, Django, REST APIs

Database: SQL

Tools: Git, VS Code

LANGUAGES & ACCOMPLISHMENTS

Telugu Hindi

English

PROJECTS

Tackling Fake News 12/2024 – 07/2025

Tech: Python, Machine Learning

- Built an automated system for real-time fake news detection to identify misinformation on social media platforms.
- Performed text preprocessing and analysed writing patterns in news content.
- Used keyword matching and similarity techniques to improve the prediction accuracy.
- Analysed trending keywords in the dataset to understand fake news spread.

GitHub: <https://github.com/lasyasri03/tackling-fake-news.git> 📄

AI Based Indian Sign Language Translator 02/2026 – Present

Tech: OpenCV, MediaPipe

- Developing a system to recognize Indian Sign Language hand gestures and convert them into text.
- Using MediaPipe for hand tracking and detection of gesture movements.
- Implementing computer vision techniques with OpenCV to process gesture input.
- Generating text output corresponding to recognized hand gestures to support communication for hearing-impaired individuals.

CERTIFICATIONS

Joy Of Computing Using Python - NPTEL

Elite Certificate

Programming in Java - NPTEL

Elite Certificate

EXPERIENCE

Z.apps Hackathon : Full Stack Developer

Tech: React.js, Python, Django, SQL

- Participated in a 3-day individual hackathon organized by Z.apps.
- Developed a full-stack Employee Management System to manage employee onboarding and document collection.
- Built frontend using React.js and backend APIs using Django REST Framework.
- Implemented CRUD operations and API integration for employee data management.
